Conditions:

- 1. Confirmation in Writing.** A referral must be signed by referrer and acceptor with enough information for it to be enforceable.
- 2. 24-hour Follow-up.** A referred vendor or buyer must be contacted within 24 hours with subsequent acknowledgement to referrer. The referrer may choose to treat the signed referral form as invalid if this requirement is not met.
- 3. Specified Salesperson Only.** A buyer referral is to the specified salesperson only. No referral commission is payable if the customer buys through another salesperson.
- 4. Referral Quality.** A standard referral fee only applies to a fully qualified referral where the referrer has been actively involved in introducing the parties and ensuring the exclusive involvement of the acceptor in the subsequent listing, purchase, or other valuable business opportunity. A simple unqualified lead providing an opportunity to pitch for work shall not be considered a full referral, but a lesser referral fee may be agreed (in writing) between the parties.
- 5. Referral Life.** The life of a vendor or buyer referral is six calendar months (to listing or purchase) from the date of referral. The life of a Landlord referral is two calendar months from the date of referral.
